Mission Statement Sacred Grounds Coffee House is a nonprofit creative community space with a coffee house vibe. We honor marginalized people's life experiences through the arts and trauma-informed togetherness.

Vision Rooted in Resilience and Nourished in the Arts, Sacred Grounds Coffee House plants seeds of understanding so that equity and healing may flourish for all.

Equity, Resilience, and the Arts 2021-2022 Initiatives

1). Artist Gallery Store

Our Sacred Grounds Coffee House artist gallery is a volunteer, Persons with Disabilities (PWD), and ally led endeavor. The Sacred Grounds overall purpose is to provide a public platform for artists, musicians, authors, and peacebuilding organizations within under represented communities. 70% of collaborating artists, authors, and peace building organizations are from the BIPoC, LGBTQ+, and PWD communities. Proceeds for all art, book and bulk Peace Coffee bean sales will go towards basic operational costs (examples: lease support, insurance, free Creative Coffee Time supplies), workshop facilitator fees and scholarships for participants facing financial barriers.

2). Free Creative Community Coffee Time

Come to Sacred Grounds during open hours for free coffee, snacks, and art creation using art supplies freely provided (or bring your own projects**.**

3). Arts-Based Workshops

While the new nonprofit "Sacred Grounds creative community space with a coffee house vibe" is small in square footage, our collective long-term commitment to the Shoreview/Roseville area is deep and far-reaching. In the coming months, we will collaborate with local businesses and organizations to host our Rooted in Resilience Nourished in the art workshops until we can raise and sustain enough funds for a larger American with Disabilities (ADA) accessible space of our own located in the same building. Please contact Sarah at Sarah.SacredGrounds@gmail.com for more information or how you can help.
